

PERSONAL

PRIME MINISTER

Topics for the agenda are:

- (i) Personnel appointments at the DHSS. (I have fully briefed the Lord President's Private Secretary. The Lord President will be speaking to Mr. Fowler before the meeting.)
- (ii) Lord Whitelaw's impressions of his Russian visit.
- (iii) The general political position.

The Lord President's Private Secretary tells me that it has been a most strenuous tour and that the Lord President is very tired. She has suggested, and I agree, that we should defer the discussion on presentation of Government information and the future of MIO to a later meeting.
