PRIME MINISTER

BILATERAL WITH THE CHANCELLOR - 28 SEPTEMBER

You are seeing the Chancellor twice tomorrow. Your 1430 session will be solely devoted to the Community Charge; papers for this are in a separate folder. But, if time permits, following the main Community Charge meeting you may like to discuss other bilateral items with him. The main issues will be:

- the position in the markets |
- his report back from Washington |
- he wants to raise the issue of the new Director of the Conservative Research Department; John Whittingdale is letting you have a separate note on this.
